Don't know (2)

My last payment punch card died

I want a monthly squash only rate, the punch card option is very expensive for a regular player \$9x15 games a month is \$135/month more expensive than hot yoga. I have a gym membership already on the south shore where I live and so I need a squash only monthly membership.

No options except for monthly, annual and punch card.

This was the first time getting the 6 month membership and I really liked it and it was reasonable

Was not aware of the 6 month plan.

I don't know about any

Disappointed in membership fees

a joint squash and gym only membership would be nice

I live on the south shore, so only use no limits for squash. a cheaper option is needed to make me come more regularly

Its pretty expensive to play. drop in at 15 each or 10 each with a punch seems a bit rich. It would be better at \$10ea drop in and better deals on bulk buys. \$80 for 10 or \$150 for 20 punch cards = better value and more opportunity to bring in new peeps.

Currently Injured

I haven't checked in a while... this past winter was not ideal for me making time for squash. I'd like to be more involved next winter - will check options then. 6 or 8 month special over the winter would be great.

9. Any suggestions or comments for squash options at No Limits?

17 responses

No

Make league fees include the drop in fees for no limits but I guess that would only work for some!

Hold people accountable to cancel booked courts if unable to attend. Frustrating when prime times are booked, but courts are empty. No show fee? Eg No show collection could go to kamloops food bank?

Quarterly payments

Fix the clocks and the loose floor boards

Wonderful to have the courts.

would like to see a couple of the exercise bike over by the squash courts to encourage players to warm up before and between league matches. Reduce injuries.

more competitive, less emphasises on "fun", no one likes that

Lower the price to increase participants. Bring in three month pass. Have a club rate.

A big thank you to Dave for starting the box league and maintaining the weekly and box leagues. It is a fair amount of work and is very much appreciated.

Really try to keep the two courts available. When there was fitness classes in the #2 court it limited availability

Do they provide a mix squash and other facility use membership?

More drop ins :)

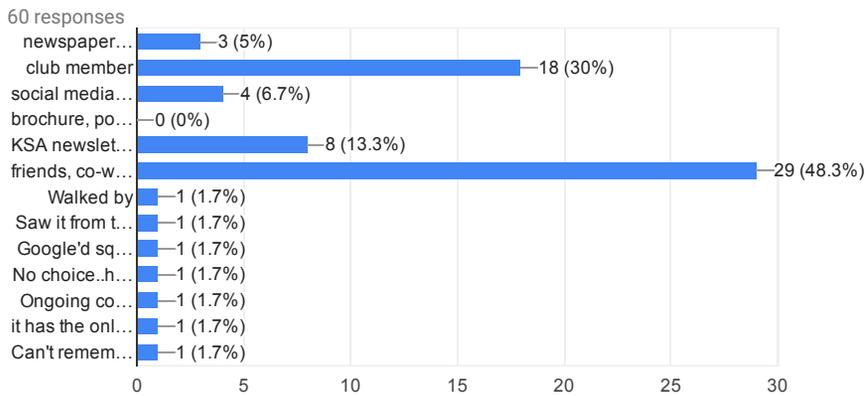

Ease off of membership for playing squash...its a rip off at this point

a 3 month option would be nice for friends wanting to try it, but not get a 6 month

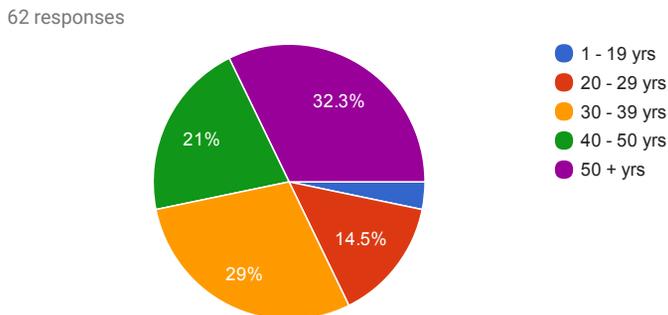

Squash drop in is expensive

Membership should include access to full facility

10. How did you first hear about No Limits?

11. Please indicate the age group to which you belong:

12. How long have you been playing squash?
